

KEYNOTES TO INCREASE RANKING IN GOOGLE

taylormedicalgroup.net

TECHNICAL OVERVIEW

KEYWORD RESEARCH

- Here I will provide you with a list of updated keyword research and gather all the relevant keywords that would increase organic searches and improve your SEO.

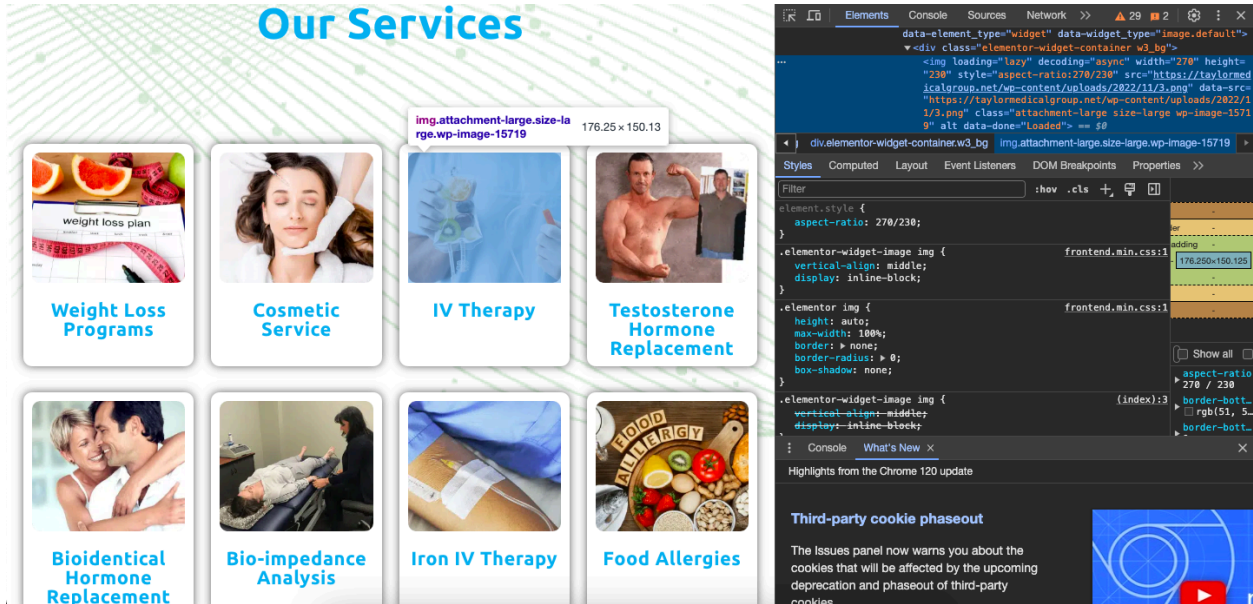

Semrush - Overall Review

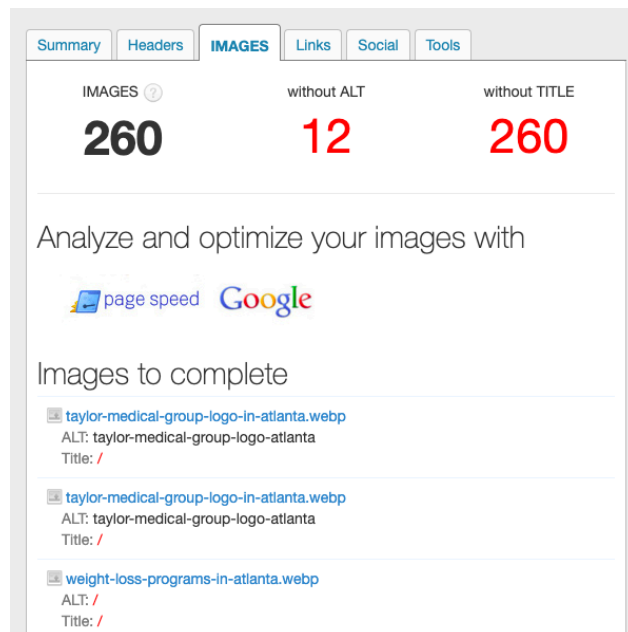

- The website's DA is Good but we can still optimize this with the following findings I just got during the analysis.

ALT-TEXT is missing

- Adding alternative text to images on your site is a principle of web accessibility

Here as this is a error for having 260 Images dont have a title and without Alt texts

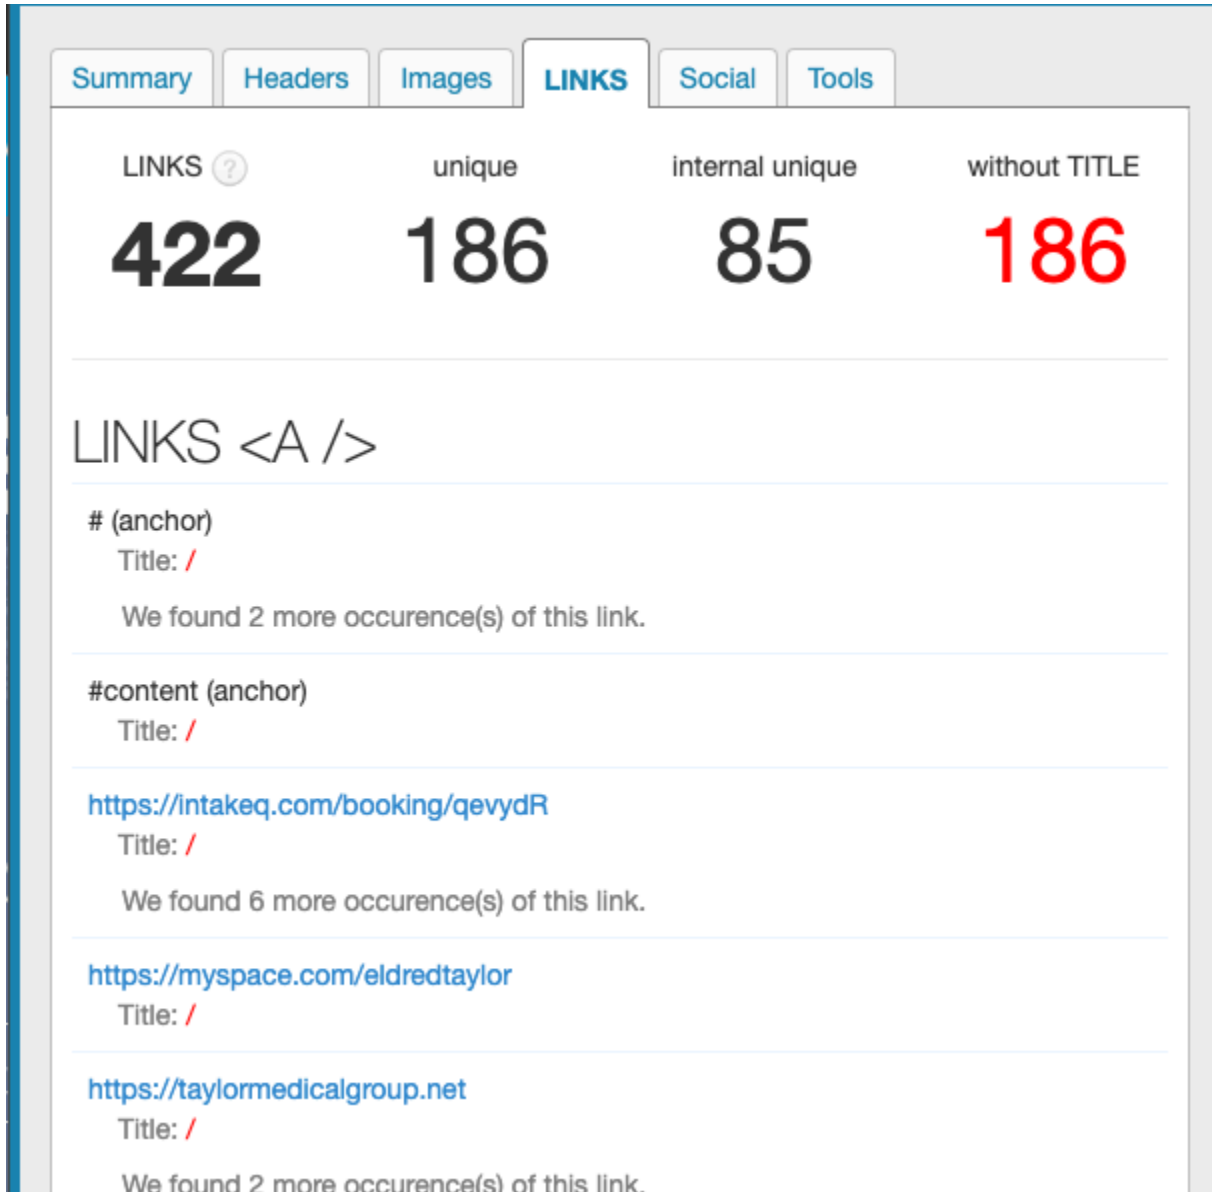

THREE KINGS OF SEO

Off-Page SEO Strategy:

- Between 50 and 100 backlinks per day and 500 to 1,000 per week
- I can also do, white hack SEO which I can add 10 high quality backlinks with 50+ DA and PA

On-Page SEO Strategy:

The screenshot shows a website analysis tool interface with tabs for Summary, Headers, Images, LINKS, Social, and Tools. The LINKS tab is active, displaying the following statistics:

LINKS ?	unique	internal unique	without TITLE
422	186	85	186

Below the statistics, the tool lists specific links with their anchor text and occurrence counts:

- LINKS <A />**
- # (anchor)**
Title: /
We found 2 more occurrence(s) of this link.
- #content (anchor)**
Title: /
- <https://intakeq.com/booking/qevydR>
Title: /
We found 6 more occurrence(s) of this link.
- <https://myspace.com/eldredtaylor>
Title: /
- <https://taylormedicalgroup.net>
Title: /
We found 2 more occurrence(s) of this link.

- I see there's a missing Interlinks within pages to pages
- At least 1 High Quality and Relevant Article for Blog per month - this helps your website for the google to think that your website is not abandoned.
- Optimizing Images and alt text
- Optimizing Meta titles and Description of each pages
- Adding Quiz or Surveys for the end of discussion (articles)

META TITLES AND DESCRIPTION

The screenshot displays a web analysis tool interface with a 'SUMMARY' tab selected. It lists various meta tags and their values, along with character counts for the title and description. At the bottom, there is a table of heading counts (H1-H6) and a summary of images and links found on the page.

Meta Tag	Value	Character Count
Title	Holistic Doctors Atlanta offer BHRT, IV therapy and Weight Loss	63 characters
Description	Atlanta holistic doctors offer IV therapy, iron infusions, hormone replacement (BHRT), hormone pellets, and more! Improve your health today!	141 characters
Keywords	Keywords are missing!	
URL	https://taylormedicalgroup.net/	
Canonical	https://taylormedicalgroup.net/	
Robots Tag	INDEX, FOLLOW, MAX-IMAGE-PREVIEW:LARGE, MAX-SNIPPET:-1, MAX-VIDEO-PREVIEW:-1	
Author	Author is missing.	
Publisher	Publisher is missing.	
Lang	en-US	

H1	H2	H3	H4	H5	H6	Images	Links
1	42	0	3	0	0	260	422

Additional links at the bottom: [Robots.txt](#) and [Sitemap.xml](#).

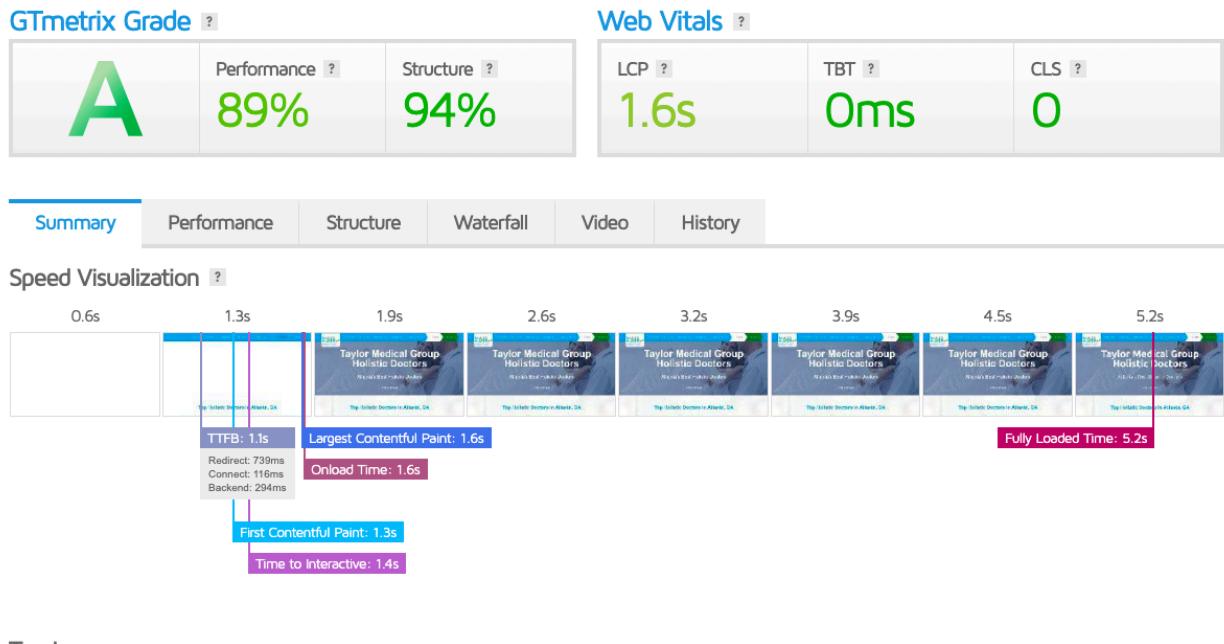

- A perfect meta title for a website should at least 60 character Meta tile and 160 Meta descriptions

FRONT-END OVERVIEW

There's still room for improvement when it comes to your landing page:

- Optimize Mobile Responsive
- Improve Call to Action Sections and Buttons

- Optimized Pages by adding **funnels** to convert viewers to potential clients example
- Images Need to be optimized

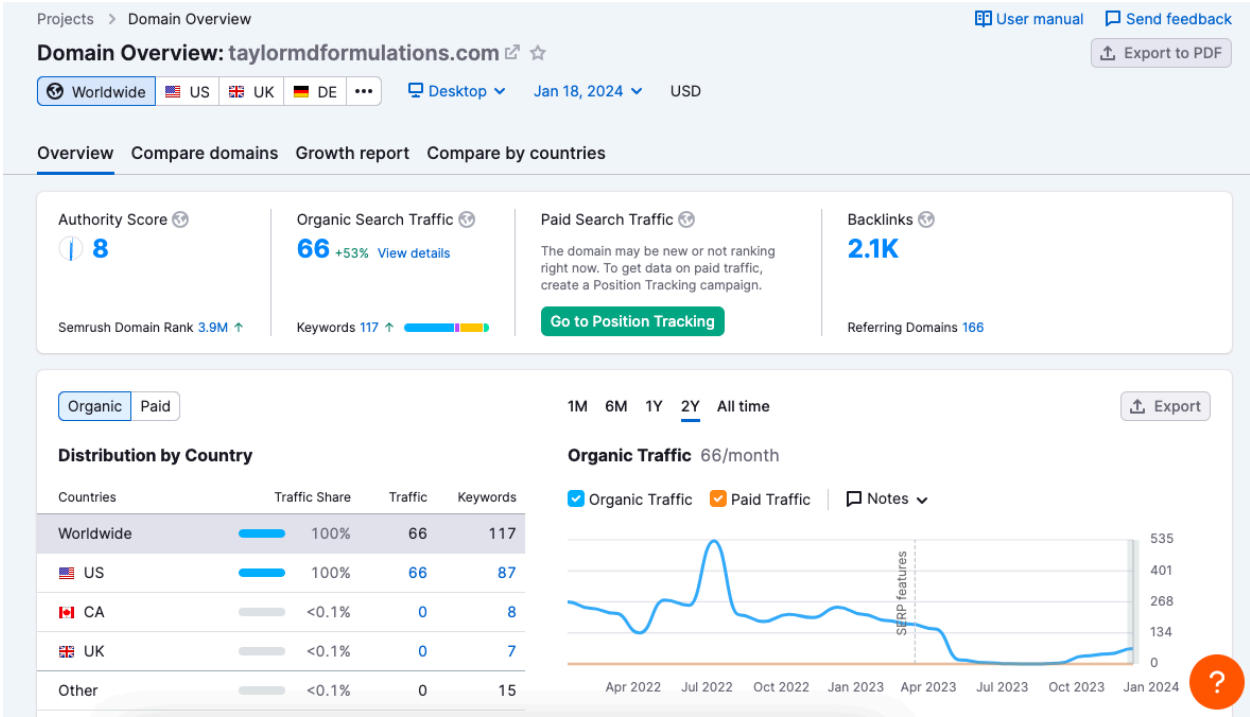

Conclusion

In conclusion, the website's SEO strategy can be significantly strengthened by addressing various technical and content-related aspects. Conducting thorough keyword research using tools like Semrush is imperative for identifying and incorporating relevant keywords to boost organic searches. Technical improvements, such as adding ALT-TEXT to images for web accessibility and resolving issues with missing titles for numerous images, are essential steps. The "Three Kings of SEO" approach recommends a balanced off-page and on-page strategy, including a steady acquisition of high-quality backlinks, internal linking, and regular publication of relevant blog articles. Ensuring meta titles and descriptions meet optimal character lengths contributes to enhanced search engine visibility. Additionally, on the front-end, optimizing the landing page for mobile responsiveness, improving call-to-action elements, optimizing images, and incorporating effective conversion funnels are crucial for an overall improved user experience and increased potential for client conversion. Regular monitoring and adjustments based on performance metrics will be key to sustained improvement in Google rankings.

Conclusion

In conclusion, elevating the SEO strategy for our e-commerce shop involves a comprehensive focus on technical and content aspects. To enhance visibility, conduct thorough keyword research, utilizing tools like Semrush, and integrate pertinent keywords. Address technical issues like adding ALT-TEXT for web accessibility and rectifying missing titles for images. Follow the "Three Kings of SEO" by balancing off-page and on-page strategies, emphasizing high-quality backlinks, internal linking, and consistent blog article publication. Ensure meta titles and descriptions align with optimal character lengths for improved search engine visibility. Optimize the mobile responsiveness of the landing page, enhance call-to-action elements, and streamline conversion funnels for an enriched user experience and higher potential for customer conversion. Regularly monitor performance metrics for continuous improvement in Google rankings for our e-commerce store.
